

## **Mothers en Vogue**

### Description:

Mothers en Vogue (MEV) designs, produces and distributes its own line of Breastfeeding and Maternity apparel for the contemporary mom. Originating in Singapore in 2003, MEV is recognized as an innovator of unique nursing wear designs and is represented through distributors and retail concept stores in the United States, Australia, Canada, France, Netherlands and the United Kingdom.

The MEV brand is all about stylish, sexy yet comfortable clothing for breastfeeding and expecting moms worldwide. MEV's signature offering includes Eco-friendly nursing / maternity wear, Duo-functional wear (2-in-1 garment for maternity and nursing) and matching Mother & Child Sets.

MEV believes in conserving and protecting the environment, making it a safer place for us to pass on to our children and grandchildren. We are therefore increasingly introducing the use of sustainable yarns such as organic cotton and bamboo. We trust that you will love MEV's eco-friendly and organic tees because i
