

The EC Store

Description:

The EC Store caters to the needs of families practicing Elimination Communication, the gentle art of responding to a baby's elimination needs. Whether you use diapers full-time, part-time, occasionally, or never, you'll find great products here to help you enjoy this wonderful aspect of parenting.

We have t-shirt gowns that grow with your child from infant gown to three-quarter length sleeve toddler shirt, the Baby Bjorn Little Potty - a popular choice for small bottoms, and Bright Bots - adorably colorful training pants from Australia, only available in North America through The EC Store. We also carry innovative products designed and sewn by our own team of devoted and talented WAHMs: several styles of training pants in sizes to fit newborns to 65+ lbs, covers and totes to make your potty more comfortable and portable, and pants that fit comfortably over EC pants or undies.

Families who do not use EC also love our products for toilet learning toddlers, mom's personal needs, and attachment parenting. We strive to fill a need that we ourselves have felt. Now EC families have a place to shop for the items we just can't find anywhere else. THE EC STORE!
