

Oceanside Preschool & Child Development Center

Description:

Taking pride in Oceanside.

We are open everyday anytime and provide the best preschool curriculum and extended care to our own little town of Oceanside. We are accredited and provide automatic subsidy to our military families and will accept all subsidized programs. Grand opening day is November 1st and enrollments are happening now! Call 760-672-6090 to schedule an appointment. We have openings for infants, toddlers, preschool, before and after school and also provide drop-in care for all those last minute schedules. All meals and beverages provided, transportation to and from school included for Oceanside School District. If you are in need of drop in care right now,...call me...we are currently the owners and operators of a large family home childcare called Katherine's Family Childcare. We have a few more openings and reserve a few spots for drop-ins. We look forward to becoming part of your family. Safe and happy while you're away is our motto.

Sincerely,
Katheri
